

## Halo Plus2

### STANDBY

Halogen torch with charger. Automatically switches on if mains power fails.

- ★ Automatically switches on when mains fail and switches off when restored.
- ★ Choice of high intensity halogen light for 3 hours or a lower intensity for 6 hours.
- ★ Incorporates an LED which flashes to warn the battery is getting low, also stays on to indicate charging or flat battery.
- ★ Controller will switch the lamp off if the battery gets too low to prevent over discharge.
- ★ Controller will ensure that the charger fully charges the battery.
- ★ Once the battery is fully charged the controller will ensure that it remains topped up with a 2-hour burst charge every 24 hours.

**NB.** Chargers are not included in the price shown. You can use the following single chargers HP-13, HP-14 & HP-13 HTS. The following 5-way chargers are also suitable HP-17 & HP-17 HTS

**Manufactured by:** **Furneaux Riddall & Co Ltd**, Alchorne Place, Portsmouth, PO3 5PA
