12V/24 Vdc.	Vehicle Charging from Storage Tray.				
Model No.	WK-5/6 Trio DCT	WK-5/10 Trio DCT	WK-5/20 Trio DCT	WK-5/30 Trio DCT	WK5/50 Trio DCT

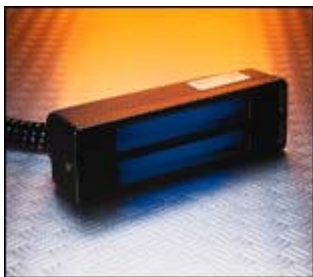

## Accessories

### WKA-13 Fingerprint Illumination Lamp.

The WKA-13 Fingerprint illumination lamp emits a very bright even light, designed specifically for 'scenes of crime' officers and fire investigators.

- Uses the WK-5 Expert Trio as the power source.
- Can be used freely or attached directly to the handlamp via a mounting adapter
- Mounting adapter gives hands free operation with the ability to adjust the angle of illumination

### Ultra-Violet lamp WKA-16.

The WKA-16 is highly effective for reading security markings in forgery detection and forensic work.

- Identifies smart water indsoltracer and index solutions
- Can be supplied with either long wave or short wave UV fluorescent tubes

### WKA-24 Floodlight/Worklamp & WKA-25 Monopole Kit

The WKA-24 Floodlight/Worklamp and WKA-25 Bracket and Monopole Kit enable a single user to set up effective lighting at incident scenes before the main generators are brought in.

- Easy to setup. Clips to base of existing WK-5 Trio Handlamp
- Adjustable to 1.50 metres
- Detachable handlamp for close up lighting
- Choice of output 20, 30 and 50 Watt
