

White Knight®

SHINING THE WAY AHEAD

Professional halogen rechargeable handlamps that are powerful, rugged and versatile, giving years of reliable and trouble free service, making them more than capable of withstanding the demands of the real world.

EXPERT TRIO

Comprehensive choice of models. Available in 6, 10, 20, 30 and 50 watt halogen outputs providing 55 mins to 14 hours of continuous illumination.

Standard features on all models include - High/Low and Flashing Beam Setting,

Low Battery Indicator, Charge State Indicator, Vehicle Battery Monitor,

Usage Monitor, Auto Maintenance Charging, Electronic Bulb Protection.

Mains Failure/Restore Monitor allows Expert WK-5 Trio to be used as an Emergency Portable Light Source.

Special versions using High Output LED Arrays are available for signalling purposes.

A full range of plug-in accessories is available including floodlighting, fingerprint, ultra-violet and other lamps for forensic and close inspection use.

Environmentally friendly, fully protected Ni-MH Battery Pack.

Supplied complete with Mains Charger, Vehicle Charging Cord and Shoulder Strap.

Approved for use by the MOD and NATO forces.

RIVAL

Rival provides a reliable, lightweight, highly competitive handlamp, ideally suited to the security and ambulance services and for use in other situations such as railways, boats and caravans. Powered by a halogen bulb it offers a choice of batteries providing 3 or 7.5 hours constant illumination

7.5 hour models come with a 12-24V DC charging lead, 230V mains charger and shoulder strap

3 hour model is mains charging only and excludes shoulder strap

LA Range

The LA combines the 10W halogen power with the economy of a sealed gel lead acid battery giving 2½ hours continuous illumination (or giving 4 hours with 6W bulb).

The model WK-4DC includes an inbuilt 12/24V vehicle charger while the AC/DC version adds a mains 230V charger to provide full charging flexibility, The WK-4 S comes with a mains charger and storage tray providing 4 hours standby lighting on mains failure.

ULTIMO

The brilliant Ultimo is the ultimate in long range illumination, supplying a blinding white light that would be an effective tool for use during civil disturbances and for ambush lighting. This 100 watt handlamp provides 35 minutes of continuous light, which can be extended with the use of external battery packs

SL-501 (12V 7.2Ah); in addition it can be powered from any 12 volt supply.

**EXPERT WK
'SCENES OF CRIME LAMP' ATTACHMENTS**

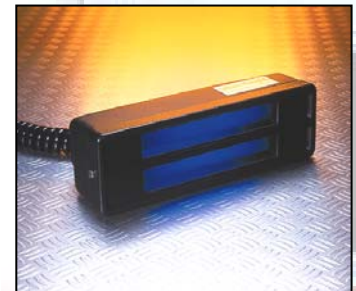

FINGERPRINT ILLUMINATION LAMP WKA-13

The WKA-13 fingerprint illumination lamp emits a very bright even light designed specifically for Scenes of Crime Officers and Fire Investigators. Using the Expert WK-5 as a power source, this lamp can be held freely or used attached directly to the handlamp via a mounting adapter, giving hands free operation with the ability to rotate and adjust the angle of illumination.

ULTRA-VIOLET LAMP WKA-16

The WKA-16 can be supplied with either long wave or short wave ultra-violet fluorescent tubes, used to read security marking, forgery detection, forensic work, to identify 'Smart Water' Indsoltracer and Index Solutions.

**SPECIALIST LAMPS
EXPLORER SL-41**

Popular with surveyors and engineers this lightweight compact lamp with its battery pack gives 7½ hours continuous light. The lamp is stored in a pouch attached to a black canvas battery case, which is worn around the waist with a canvas belt.

100W FLOOD SL-50

The SL-50 contains a powerful 12 volt 100 watt halogen bulb, which is lightweight and capable of floodlighting a large room for investigation, photography, and emergency rescue situations in tunnels or any difficult access sites. Illustrated with a SL-501 (12V 7.2Ah) battery pack, which gives 25 minutes continuous light. Also powered from any 12 volt supply.

30W FLOOD WKA-24 WITH MONOPOD

The WKA-25 bracket & monopod kit is clipped simply and easily to an Expert handlamp and the WKA-24 30-Watt Flood/Work Lamp Flood/Work lamp plugged into the accessory socket. The fully adjustable monopod may be extended to a working height of up to 1.5 metres.
